Corticotroph hyperplasia and Cushing disease: diagnostic features and surgical management

TO THE READERSHIP: An error appeared in the article by Catalino et al. (Catalino MP, Meredith DM, De Girolami U, et al. Corticotroph hyperplasia and Cushing disease: diagnostic features and surgical management. *J Neurosurg*. Published online September 4, 2020. doi: 10.3171/2020.5.JNS201514).

In the *Discussion*, the term “adenoma” was used; the correct term is “hyperplasia.” The corrected sentence appears below.

Five patients (33%) with corticotroph hyperplasia did not enter remission after surgery.

The article has been corrected online as of October 16, 2020.

Michael P. Catalino, MD, MSc

University of North Carolina Hospitals, Chapel Hill, NC
