

## ERRATUM

### **Variation of patient characteristics, management, and outcome with timing of surgery for aneurysmal subarachnoid hemorrhage**

TO THE READERSHIP: An error appeared in the article by Mahaney et al. (Mahaney KB, Todd MM, Torner JC: Variation of patient characteristics, management, and outcome with timing of surgery for aneurysmal subarachnoid hemorrhage. *J Neurosurg* 114:1045–1053, 2011).

Although the IHAST Investigators were mentioned in the author byline, the members of this group who contributed to the study were not named. An *Appendix* has been added to the article to list these collaborators.

The article has been corrected online as of February 7, 2020.

**Michael M. Todd, MD**
