Genetic and nongenetic factors for contralateral progression of unilateral moyamoya disease: the first report from the SUPRA Japan Study Group

TO THE READERSHIP: An error appeared in the article by Mineharu et al. (Mineharu Y, Takagi Y, Koizumi A, et al. Genetic and nongenetic factors for contralateral progression of unilateral moyamoya disease: the first report from the SUPRA Japan Study Group. *J Neurosurg*. Published online September 10, 2021. doi:10.3171/2021.3.JNS203913).

In the *Results* section of the abstract, the number of patients with the R4810K mutation was incorrectly stated as 63; it should be 67. The corrected sentence is shown below.

Clinical characteristics were not significantly different between 67 patients with the R4810K mutation and those without it.

The article has been corrected online as of October 29, 2021.
