Erratum

TO THE READERSHIP: In the paper by Bacigaluppi et al. published in the April 2009 issue of *Neurosurgical Focus* (Bacigaluppi S, Dehdashti AR, Agid R, Krings T, Tymianski M, Mikulis DJ: The contribution of imaging in diagnosis, preoperative assessment, and follow-up of moyamoya disease. A review. *Neurosurg Focus* 26 (4):E3, 2009), an error was introduced in the editing process.

In the first sentence of the next-to-last paragraph on p. 6 of the online pdf version, “Proton-beam MR spec-

troscopy also deserves a brief note....,” the word “beam” is incorrect. The sentence should have read as follows: “Proton MR spectroscopy also deserves a brief note.”

We apologize to the authors and to the readership for this error.
